

PACKAGE INSERT

**PROPRIETARY NAME
(and dosage form):**
CELLFOOD® LIQUID

SCHEDULING STATUS:
Not scheduled.

COMPOSITION:
Each 8 drops contain 326mg of **CELLFOOD®** made up of a proprietary blend consisting of plant sourced Calcium, Copper, Iron, Magnesium, Manganese, Phosphorous, Potassium, Sulfur, Zinc, Silicon, Liquid Seaweed (Lithothamnium Calcareum) and Purified Water.

**PHARMACEUTICAL
CLASSIFICATION:**
A32.2 Other. Complementary medicine
- Nutritional.

INDICATIONS:
CELLFOOD® is the leading oxygen mineral supplement formulation that oxygenates, energises, cleanses and nourishes your systems and cells throughout the day.

Over the years, increasing pollution, mass destruction of rain forests, and reduction of other natural producers of oxygen, has decreased the level of oxygen in our atmosphere, especially in highly populated areas.

Our bodies are not designed to operate effectively in low levels of oxygen; and, today it is clear that man is functioning

less and less effectively because of growing oxygen deficiency.

Oxygen is the most important element for aerobic life, as we know it; and is essential for energising and cleansing the body.

CELLFOOD® has been marketed for over 50 years and is currently available in over 90 countries worldwide.

CELLFOOD® is available at selected pharmacies countrywide as well as certain health shops.

CONTRA-INDICATIONS
None known.

INTERACTIONS
CELLFOOD® can be used in conjunction with other preparations, supplements or medicines.

PREGNANCY AND LACTATION
Safety of use has not been established. If you are pregnant or breast feeding your baby please consult your doctor, pharmacist or other healthcare professional for advice before taking **CELLFOOD®**.

**DOSAGE AND DIRECTIONS
FOR USE**
Adults - Start with 3 drops 3 times a day. Gradually increase the daily dosage until you are taking 24 drops per day i.e. 8 drops 3 times a day in approximately 200ml of purified water, red grape or carrot juice.

Alternatively mix 24 drops in 600ml purified water, red grape or carrot juice and drink as desired during the day.

Take before meals for best absorption.

Children - 1 Drop daily per year of age.

Do not gargle the mixture or hold in your mouth as tooth sensitivity may occur.

If mild detoxification symptoms result i.e. more frequent bowel movement and urination, nausea, headaches, mucus discharge, etc., reduce dosage temporarily.

This process of detoxification is also called a "Healing Crisis". No refrigeration required.

For more severe health conditions, additional **CELLFOOD®** can be taken in need. Sufficient quantity for 30 days.

IDENTIFICATION
CELLFOOD® is a clear liquid with a sour, lemon taste and comes in a 29ml white dropper bottle in a box which also contains this Package Insert.

CELLFOOD® purchased from Pharmacies or Health Shops are also packaged in a blister pack intended to reduce pilferage.

POTENTIAL ALLERGENS
None

PRECAUTIONS AND WARNINGS
**KEEP OUT OF REACH OF
CHILDREN.**
Avoid eye contact.

Always tell your healthcare professional if you are taking any other medicine. Organic enzymes in **CELLFOOD®** can damage clothing, stain counter tops and other surfaces.

This medicine has not been evaluated by the Medicine Control Council. This medicine is not intended to diagnose, treat, cure or prevent any disease.

STORAGE INSTRUCTIONS
Store below 25°C before and after opening as well as out of direct sunlight away from appliances emitting radiation or electro-magnetic currents.
