

## PACKAGE INSERT

### PROPRIETARY NAME:

(and dosage form):  
**CELLFOOD® SPORT**

### SCHEDULING STATUS:

Not scheduled.

### COMPOSITION:

Each 100ml bottle of **CELLFOOD® SPORT** contains about 900 drops of product; and each dosage of 20 drops contains 110mg, Garcinia Cambogia Extract (Citric K) and 90mg L-Carnitine.

**CELLFOOD® SPORT** also contains 250mg **CELLFOOD®** made up of a proprietary Blend consisting of plant sourced Calcium, Copper, Iron, Magnesium, Manganese, Phosphorous, Potassium, Sulfur, Zinc, Silicon, Liquid Seaweed (Lithothamnium Calcareum) and Purified Water.

### PHARMACEUTICAL CLASSIFICATION:

A32.2 Other. Complementary Medicine - Nutritional.

### INDICATIONS:

**CELLFOOD® SPORT** is an amazing product that increases oxygen saturation in the bloodstream whilst addressing the problem of insufficient cellular aerobic respiration and lack

of energy. This results in the delayed onset of fatigue and reduced muscular cramps and recovery time following a reduction in lactic acid accumulation.

**CELLFOOD® SPORT** contains **CELLFOOD®** which is the leading oxygen mineral supplement formulation that oxygenates, energises, cleanses and nourishes your systems throughout the day.

**CELLFOOD® SPORT** has been marketed for over 50 years and is currently available in over 90 countries worldwide.

**CELLFOOD® SPORT** is available at selected pharmacies and health shops.

### CONTRA-INDICATIONS

None known.

### INTERACTIONS

**CELLFOOD® SPORT** can be used in conjunction with other preparations, supplements or medicines.

### CELLFOOD® SPORT

**If you are taking medicines on a regular basis, concomitant use of the medicine may cause undesirable interactions. Please consult your doctor, pharmacist or other health care professional for advice.**

**If you are pregnant or breast feeding your baby whilst taking this medicine, please consult your doctor, pharmacist or other health care professional for advice.**

### KEEP OUT OF REACH OF CHILDREN.

**This medicine has not been evaluated by the Medicine Control Council. This medicine is not intended to diagnose, treat, cure or prevent any disease.**

### DOSAGE AND DIRECTIONS FOR USE

*Adult Dosage:* For energy-generating results, take **CELLFOOD® SPORT** daily, 20-30 minutes before exertion - training or competing.

Shake the bottle gently before using: add 20 drops to a glass containing 100ml water or fruit juice, preferably carrot or red grape juice, and drink it. Dosage may be increased by 5-10 drops when competing in order to obtain additional energy and dissipation of lactic acid.

For a further reduction of lactic acid, take 10 drops after exertion.

Sufficient quantity for 30 days.

### IDENTIFICATION

**CELLFOOD® SPORT** is a clear liquid with a slightly sour, lemon taste and comes in a 100ml white bottle, in a box containing a Dropper, Package Insert and Patient Information Leaflet.

### POTENTIAL ALLERGENS

None

### STORAGE INSTRUCTIONS

Store out of direct sunlight, below 25C, before and after opening.

### DATE OF PUBLICATION OF THIS PACKAGE INSERT

January 2014
